# DAY OF SERVICES

The Conservatory is now offering a simple “Day of Services” to assist with the success of your wedding. Many of our couples enjoy personalizing their wedding with lots of décor. We encourage this and love to see the personal touches that make this your “special day”. Your Caterer is still the one who will Maître ‘D your event, we will focus on the décor and other details you may need. Our services are onsite only.

If you require help with hair and makeup or if your ceremony is off site, you may need to hire one of our preferred coordinators on our vendor list.
